Shiraz, Fars, Iran

Frontend Developer specializing in building scalable web applications with **React, Next.js, TypeScript, and Tailwind CSS**. Experienced in designing reusable and maintainable frontend architectures, developing responsive user interfaces, integrating RESTful APIs, and implementing authentication and state management solutions. Contributed to the development of **admin dashboards, e-commerce platforms, and business web applications**, with a strong focus on performance optimization, SEO, accessibility, and exceptional user experience. Committed to writing clean, maintainable code, embracing modern frontend best practices, and continuously expanding expertise in software engineering and web technologies.

Professional Experience

Nova, Frontend Developer

Jul 2025 – Jul 2026 | Shiraz, Fars, Iran

- Develop and maintain scalable, responsive web applications using **React, Next.js, TypeScript, and Tailwind CSS**.
- Build reusable and maintainable UI components to improve development efficiency and ensure design consistency across projects.
- Integrate RESTful APIs and implement secure authentication flows while collaborating closely with backend developers.
- Contribute to the development of **admin dashboards, e-commerce platforms, and business web applications**, delivering production-ready features with a focus on performance and user experience.
- Collaborate with designers to translate Figma designs into responsive, pixel-perfect user interfaces while following clean code principles and modern frontend best practices.

Nexo, Frontend Developer

Mar 2025 – Jun 2025

- Contributed to the development and maintenance of modern frontend applications using **React, Next.js, TypeScript, and Tailwind CSS**.
- Developed responsive and reusable user interface components based on component-driven architecture.
- Integrated RESTful APIs, fixed application issues, and implemented new features to enhance functionality and user experience.
- Collaborated with cross-functional teams to deliver high-quality, maintainable, and production-ready applications.
- Followed clean code principles, version control workflows, and frontend best practices throughout the development lifecycle.

Projects

E-commerce Platform, Technologies: React, Next.js, TypeScript, Tailwind CSS, RESTful APIs

- Developed responsive and scalable e-commerce interfaces with a focus on performance and user experience.
- Built reusable UI components to improve development efficiency and maintain consistency across the application.
- Integrated RESTful APIs for product management, authentication, and dynamic content.
- Implemented responsive layouts and optimized pages for SEO and fast loading performance.

Admin Dashboard, Technologies: React, Next.js, TypeScript, Tailwind CSS, Zustand

- Developed a feature-rich admin dashboard for managing products, categories, users, and application content.
- Built reusable form components, tables, modals, and dashboard layouts following component-based architecture.
- Implemented authentication flows and role-based access interfaces.
- Focused on maintainable code structure, scalability, and responsive design.

Corporate Website, Technologies: Next.js, TypeScript, Tailwind CSS

- Developed responsive and SEO-friendly business websites based on modern UI/UX principles.
- Converted Figma designs into pixel-perfect, production-ready user interfaces.
- Optimized website performance, accessibility, and cross-device compatibility.
- Collaborated with designers and backend developers to deliver high-quality user experiences.

Technical Skills

Languages

- JavaScript (ES6+)
- TypeScript
- HTML5
- CSS3
- Sass

API & Authentication

- REST API
- Axios
- JWT Authentication

Rendering & Performance

- Server-Side Rendering (SSR)
- Search Engine Optimization (SEO)
- Performance Optimization
- Code Splitting
- Image Optimization

Frameworks & Libraries

- React.js
- Next.js
- Zustand
- Redux Toolkit
- React Hook Form
- Zod
- Yup

Architecture

- Component-Based Architecture
- Feature-Based Architecture
- Modular Architecture
- Reusable Component Design

UI Development

- Tailwind CSS
- shadcn/ui
- Material UI
- Bootstrap
- Storybook
- Responsive Design

Tools

- Git
- GitHub
- Jira
- Postman
- Swagger
- ESLint
- Prettier

Languages

English — Intermediate (B1)
